

Bachelor of Arts - History

Student Learning Outcomes

Student Learning Outcome 1:

Demonstrate a broad content knowledge of major periods, themes, issues, personalities, movements, and events in the human past.

Student Learning Outcome 2:

Demonstrate a comparative perspective on major historical periods, themes, issues, personalities, movements, and events that incorporates more than one world region.

Student Learning Outcome 3:

Demonstrate the ability to engage, in an informed way, an historical debate on a particular period, theme, issue, personality, or movement in the human past.

Student Learning Outcome 4:

Demonstrate the ability to locate, collect, and assemble historical evidence from primary and secondary sources.

Student Learning Outcome 5:

Demonstrate the ability to develop original interpretations from historical evidence.

Student Learning Outcome 6:

Demonstrate ethical behavior in the use of historical evidence.

Student Learning Outcome 7:

Demonstrate the ability to communicate historical findings in a clear, concise, organized, and documented fashion.
