University Assessment Team

The [Assessment Team](#) is the primary oversight body for the student outcomes assessment programs of the University. The Assessment Team reports to the vice president for Academic Affairs and is comprised of

- One representative from each of the colleges or schools.
- One representative from the library.
- One faculty member from the McNichols Faculty Assembly.
- Two administrative representatives.

The [Assessment Team](#) is responsible for

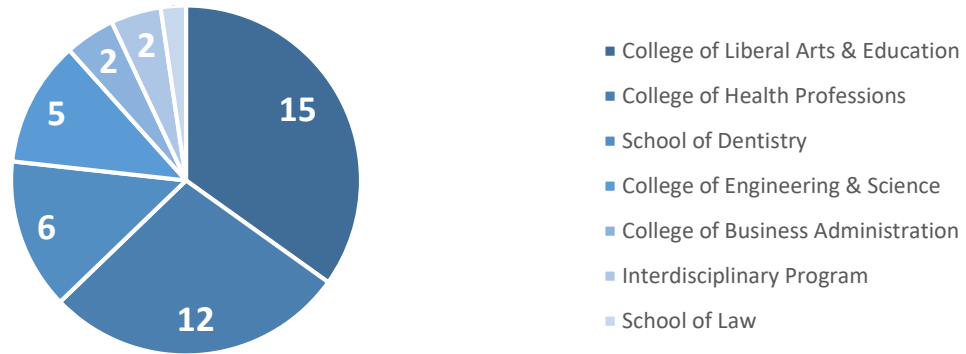

- Developing a mechanism for sharing best practices around the University regarding assessment.
- Reviewing the assessment methodologies being used by each school and identifying those schools in which assessment activities require improvement.
- Providing ongoing reports to and consultation with the academic vice president and provost.
- Keeping the University community informed of team activities

Report Summary

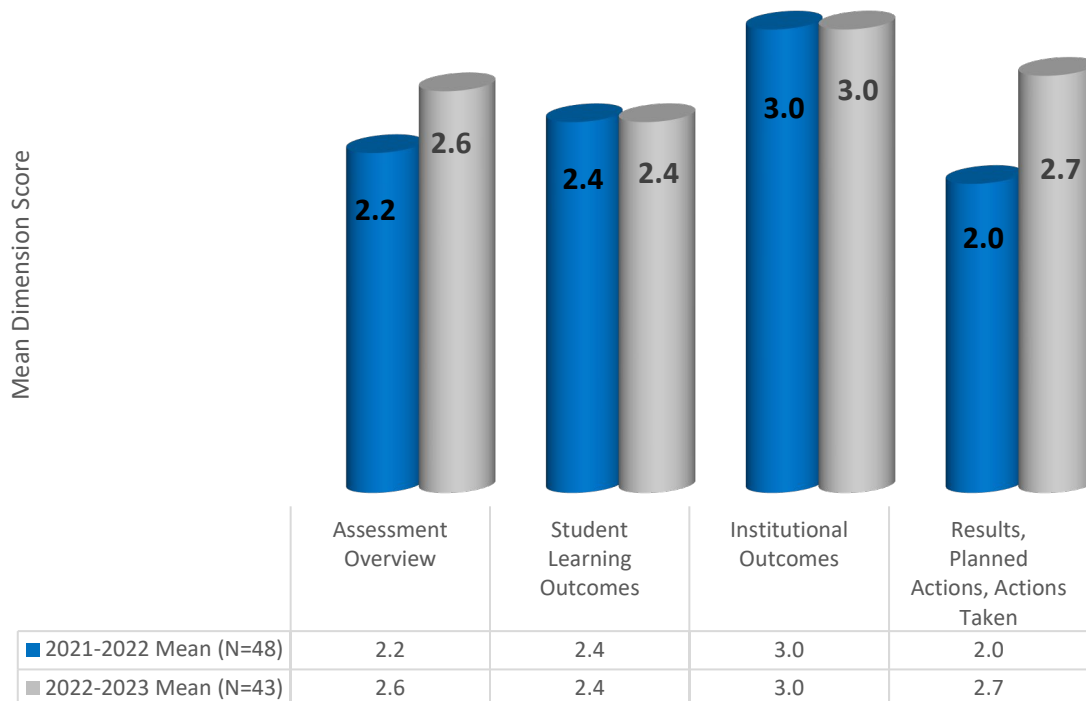

During the 2022-2023 academic year, the University Assessment Team (UAT) continued with the newly implemented electronic process for collecting Annual Program Assessment Reports for all academic and co-curricular programs. This process was preceded by the 2020-2021 initiative requiring all academic and co-curricular programs to file their assessment plans with the UAT. Team members used a rubric to assess each Annual Program Assessment Report and provided feedback to program directors and department chairs. Forty-three Annual Program Assessment Reports were submitted and are posted on the [Assessment website](#). A three-point rubric scale was used (A=3, B=2, C=1) to evaluate four dimensions (assessment overview, student learning outcomes, institutional outcomes, and results/planned actions/actions taken). The mean rubric scores for each dimension were: assessment overview (2.6), student learning outcomes (2.4), institutional outcomes (3.0), and results/planned actions/actions taken (2.7). These rubric dimension scores were equal to or higher than the scores from the previous year, indicating positive responses from program directors and department chairs to UAT recommendations for more detailed reporting of the assessment overview, inclusion of corresponding assessment methods for student learning outcomes, and results/action plans. The figures that follow share additional detail about the Annual Program Assessment Reports.
