

Scholarship and Financial Aid Office
Special Condition Form
2016-2017

Students whose family experiences a change in financial circumstances that will lower family resources from 2015 to 2016 may be eligible for a recalculation of their aid eligibility based on estimated 2016 income. In order to be considered for a special condition calculation, students and their families must meet specific guidelines and **provide documentation of the change.**

NO DOCUMENTATION = NO ADJUSTMENT

All applicants must still complete the 2016-2017 **Free Application for Federal Student Aid**. This Special Condition Form is used to determine if the circumstances warrant an adjustment to your UDM financial aid award.

1) **Submit a letter** explaining the decrease of income. Be specific about the circumstances. Include dates, amounts, etc. Some examples of situations that warrant a re-evaluation include:

- Loss of employment for parent or student/spouse for 10 weeks or more. Overtime is excluded.
- Divorce or separation
- Death of parent or spouse
- Loss of untaxed income or benefit
- Illness/Disability
- Unusually high child-care costs (over \$1000/month; document)
- Unusual medical or dental expenses not covered by insurance

Tuition payments for siblings in kindergarten through 12th grade during January-December 2015.

(If this is your only special condition, you need to complete the Sibling Tuition Payment Form only. This form is available online at udmercy.edu/apply/financial_aid/forms.)

- 2) **Attach documentation.** For loss of job, a letter **from the employer** stating employment dates, total earnings, estimated pension, and/or severance pay amount. For separation or divorce, documentation from a court, attorney, minister (for annulment) is appropriate. Provide documentation of other situations as appropriate (doctor's certificate of disability, death certificate, tuition or medical bills or letters from school or doctor, etc.)
- 3) **Complete the 2016-2017 Verification Worksheet and provide a copy of the 2015 IRS Tax Return Transcript for parent(s) and student, if applicable.**
- 4) **Estimate your total income for 2016** from all sources. Do not leave blank. **(Documentation Required)**

Important Note

The fastest way to confirm the income reported on the FAFSA is by using the IRS Data Retrieval Tool through the 2016-2017 FAFSA. If you have already submitted your FAFSA, you may log in and click “make a correction”. You will be asked a series of questions to determine if you are eligible to use the IRS Data Retrieval Tool. If you are unable to use the IRS Data Retrieval Process through the 2016-2017 FAFSA or if you change your retrieved tax data, then you must provide a **2015 Tax Return Transcript from the IRS** to complete your verification/special condition. You may print a free PDF version of your 2015 Federal Tax Return Transcript by logging on to www.irs.gov. You may contact the IRS at (800)908-9946 with questions.

* We can no longer accept copies of your Federal 1040/1040A/1040EZ form(s) as a way to confirm the income reported on the FAFSA. If we receive copies of your 2015 Federal 1040 form(s), they will be returned to you.
