

# Leadership Minor

## Leadership Minor Advising – Biology 7-year Dental

**Two notes:**

- #1. Work with your advisor to see how transfer or AP/IB credits can help you out.
- #2. We recommend you take the Introductory Course as soon as you can.

\* These courses are suggestions. See full set of options for each category in the catalog.

\*\* If SCIE 2300 is used for category 3, two additional credits from any category must be taken in order to reach a total of 18 credits for the minor. This is normally achieved by simply completing the University Core.
